

Octagon cage floor 0,10m is the most popular type of training MMA cage. Fixed OSB floor with a height of just 0.10 meters and 3 centimeters padding is safe and great solution for your gym. Unique flooring solution ensures strength and stability.

- ▶ Quality steel construction
- ▶ OSB floors 2,5cm thick
- ▶ Floor padding 3cm

Simplicity:

Thanks to the unique simple floors is Stedyx Octagon cage built within half an hour. The floor holds a perimeter frame, which is also the base for assembling the side MMA panels. We tuned design long time, and now it really worth it.

Variability:

It's simple! Stedyx Octagon cage is variable. If you are planning to organize a little sparring out of your gym, not a problem. Octagon cage is disassembled in half an hour and fits into smaller van.

Custom production:

Because we are the manufacturer we can offer more color options corners of the cage. You can choose the color combinations in our **Design Studio**. If you want to print the canvas there is nothing easier. Stedvx always gives you a choice of several kinds.
