

Introducing: Stedyx Octagon cage floor 0,80m. It is a professional MMA cage designed specifically for hosting international matches. The thickness of the padding of the floor is 4 cm and meets all standards of combat sports. A variant of OCT 8080D comes with two doors.

- ▶ Diameter 8m (26,2 ft.)
- ▶ Floor padding 4cm
- ▶ Galvanized structure

Precision and safety:

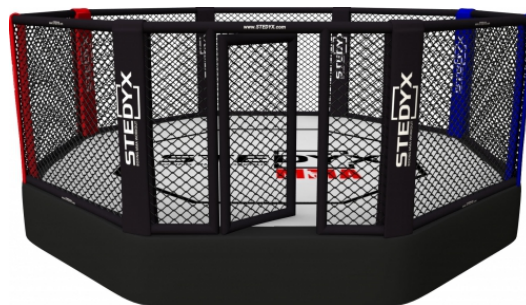

Because all the cages have the same structural basis, Stedyx Octagon Cage floor 0,80m is designed to be solid, stable and secure. Floor construction is made of lightweight steel frames with galvanic finish. The OSB boards has a thickness of 2.5 cm. Floor padding designed to meet the most demanding requirements. All this ensures long life and safety of athletes.

Use:

Stedyx Octagon Cage floor 0,80m is a top choice among promoters of big MMA gala nights.

Steel frame:

The steel frame MMA panels is designed to be particularly light and simple. The surface of the frame is safely padded. The padding is 2 cm thick and provides security against injury. MMA panels are connected by special connectors that ensure an unusual strength and stability.
