

It is a simple and strong variant of the training ring. The simple installation is performed directly into the concrete floor. It does not matter if you have a tatami floor layed in your gym! You must simply cut the Tatami out and screw the corner posts into the concrete.

Simple.

- ▶ Strong anchoring elements
- ▶ Dimensions according to your needs
- ▶ Leatherette corners and ropes

Praesent eu dui quis nulla pellentesque pretium. Vestibulum sollicitudin purus in pulvinar sodales. Nulla iaculis, nibh ac dignissim vehicula, nibh enim lobortis dolor, nec pharetra quam mi vel nibh. Etiam interdum erat id lectus finibus gravida. Nullam tincidunt ipsum sit amet diam faucibus, lobortis dignissim tortor finibus. Ut suscipit lobortis enim, quis iaculis dolor mattis ac. Sed tempus pretium ligula, ut consequat lorem semper et. Quisque euismod iaculis lectus, nec vehicula enim tincidunt sit amet. Quisque dui augue, scelerisque a fermentum mollis, fermentum non arcu. Suspendisse fringilla egestas pharetra.

I want a different color:

Because we are the manufacturer, we can offer you this ring in more color variants. You can choose color combinations of the ropes, Color combinations of corner posts and corners. Do you want this kind of
