

Competition ring for MMA matches. The PVC canvas is designed for MMA matches. The design of this ring is inspired by the Russian M1 competition.

- ▶ The dimension between the ropes is 6 x 6 m (19.8 x 19.8 ft)
- ▶ The mesh is at the bottom of the ring
- ▶ Elevated padded floor 1m (3.2 feet)

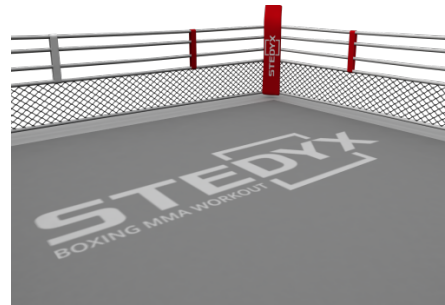

International parameters:

All parameters of the Rage MMA ring are designed to meet the required conditions for organizing international matches. The floor of the ring is well cushioned and covered with printed PVC canvas, and it meets the most stringent safety requirements. The surface of the frame is galvanically treated so as to provide exceptional durability and longevity.

Safety:

The unique bottom part of the ring is made of mesh, and it ensures even greater safety during matches on the ground. Thanks to its truss structure, the MMA ring is strong and stable. It meets the most demanding requirements. The OSB boards that form the floor of the ring are 2.5 cm (0.98 inches) thick. The elevated OSB floor has a padded layer of 2.5 cm (0.98 inches) and a PVC canvas. Another bottom rope is added for extra safety.

I want a different design:

BASIC SPECIFICATION

Use: international MMA matches

Product code: MMR 7050

Outer size: 7 x7m (22,9 x22,9 ft.)

Inner size between ropes: 6,1 x6,1m (20,1 x 20,1 ft.)

Frame: galvanized, double suspension

Height of the floor: 1 m (3,2ft.)

Floor material: OSB boards

Floor boards quantity: 18

Floor padding: 2,5 cm(0,98 in.)

Weight: 1450kg (3.197 lb.)

SHIPPING DIMENSIONS

Free loaded on the truck: 3,3 x 2,2 x 1,6m (10,8 x 7,2 x 5,2 ft.)

Packed in OSB boxes 2 pcs:: 2,3 x 1 x 1,6m (7,5 x 3,2 x 5,2 ft.)

Packed in boxes #2:: 2,5 x 1,3 x 1m (8,2 x 4,2 x 3,2 ft.)

WARRANTY:

Construction:: 5 years

Others:: 2 years except tear and wear
