

**Safety of athletes is our first priority. Stedyx produces protection for floor rings made from PE with printable PVC/vinyl surface. Dress the floor ring in new packaging with full color digital printed advertising according to your design.**

► Printable surface ► Customized lenght ► Thickness 2,5 cm (1 in.)

Safety comes first. And not just for athletes inside the floor ring but for athletes training outside the ring too. Stedyx produces safety protection for frames along the ring. What's more, it is not not only protection from injury but can also look good. Printable surface is from PVC, and we can print it to your liking.
