

Wall bracket for free use anywhere on the gym walls. Ideally can be combined with Freestanding column or Wall mount corner to achieve arbitrarily large training ring.

- ▶ Solid steel construction
- ▶ Galvanic or powder finish
- ▶ 3 or 4 ropes variant

Wall mount straight for the boxing ropes is also manufactured separately. It is for simple reason. If you have special requirements on the dimensions of the ring or you want to **build it yourself** and you have a **own boxing ropes**. Stedyx wall mount straight is made with option **for 3 or 4 boxing ropes**.

If you have some special requirements do not hesitate to Contact our sales representative in operating hours or click on "**Sales inquiry**" to send us your inquiry.
