

Professional fighting hexagon inspired by M-1 Global (Mixfight-1) or MMA-1. Its specific shape and combinations of ropes and mesh assure best results for most advanced fighters.

- ▶ Floor height 0,65m (2,2 ft.)
- ▶ Unique combination of ropes and mesh
- ▶ Divided corner cushions

This fighting cage is inspired by M-1 Global championships. Fight like Fedor Emelianenko! Unique design allows the best athletes to join the original padded fighting space and wrestle safely. Versions with three or five ropes gives far more options for use by promoters and trainers. Floor construction is made of lightweight steel frames with galvanic finish. The OSB boards has a thickness of 2.5 cm. All this ensures long life and safety of athletes. Unique design in MMA Octagon production.

Suitable for every gym:

Our products are manufactured in various sizes. Even if you have a small gym, you can have it! Hexagon cage floor 0,65m must stand on steady ground.
