

The most popular training ring variant. Training boxing ring for permanent or temporary placement in your gym. It's simple! Thanks to its medium-heavy duty structure, the boxing ring is stable and even suitable for more demanding training. We normally supply this ring with 4 ropes. The safety of the athletes is our first priority.

- ▶ Medium-heavy duty steel structure
- ▶ Leatherette corners and ropes
- ▶ Spacious and safe

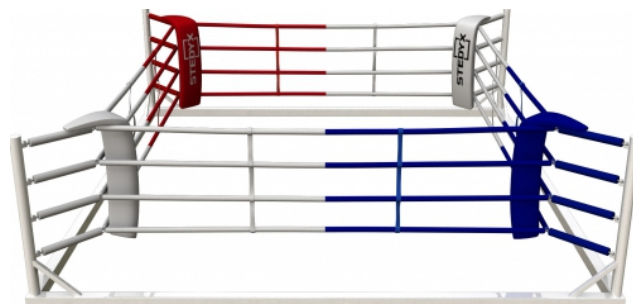

Long-term experience:

A simple and safe training ring. It is a time-tested design that always fulfills its purpose with a 100% reliability. The floor ring of this design is popular precisely because of its proven functionality. Its indisputable advantage is that it can stand on a concrete floor, a grassy field or a finished indoor floor in your gym. especially if you already have tatami mats in your gym. You can simply put this boxing ring on the tatami mats. You have the option to buy a console for a boxing bag!

Safety:

It's simple! Thanks to its medium-heavy duty structure, the boxing ring is stable and even suitable for more demanding training. We normally supply this ring with 4 ropes. The safety of the athletes is our first priority.

Because we are the manufacturer, we can offer you this boxing ring in more color variants. You can choose color combinations of the ropes.
